

```

1  --VISTA_C that considering all the games played so far in the current season of
2  --the national football championship of Liga Nos, show for each team, their
3  --classification, the number of games played, the number of wins, the number of
4  --draws, the number of losses and the number of points obtained.
5  --Consider that 3 points are awarded for each victory and 1 point for each tie.
6  --The ranking criteria are: the number of points, the lowest number of games played,
7  --and the highest number of victories.
